Lunch time

Dearest Mother & Daddy,

Just to let you know all is well and that we had a little rain of some kind this a.m. Early it was foggy looking and between 7 & 8 sun shone nicely so that it would be nice and about 8 was all gone fogged up again. Don't know whether it rained before the sun came out or after - but when we left the house walks were all wet and street, ditto.

Friday the Fleet is supposed to arrive and I guess the whole town - or should I say from San Pedro to San Diego - is making big plans for it's arrival. The Station is intending to broadcast some of the "highlights" during the day - just 15 minutes or so at a time - suppose KFOX is too. "Shore leave" is to begin as soon as they go thru their various inspections - sometime in the forenoon KGER expects (or thinks) will be 1st broadcast. However, the time is not definite and even the day as the Navy is "Subject to change without notice".

Guess Gae didn't come down today - didn't ask Alden and he didn't say and I haven't seen her - now 1:20

This is paper - feels like a rag doesn't it? The other end we used when trying it out to see if we wanted to order any - so I have torn it off. This paper is used in radio plays, etc. (close to the microphone) as there is no crackle or noise from it in handling. Feels thick too - doesn't it?

Guess I'll eat my sandwiches and then mail this and some other letters as an excuse to go thru Kresses.

Hope you're feeling Okee Dokee

Bye for this time -

Much love -

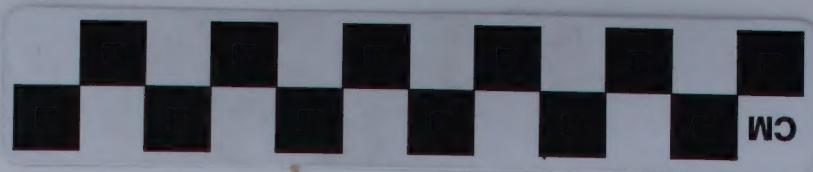

(A lot of writing about nothing!)
huh?

Travel time

Desolate Mother of Despair

Just a bad day with a little rain
of some kind this a.m. Early if was very looking and peacock 4 & 8
sum some miles so fast if mostly to see if was still the
toboggan and sleds. Don't know whether it is being popular the same
out or after - but when we left the house were still few and
stretches, little.

From Friday the 11th to Sunday the 13th I was the
whole time - or about I saw from 8 a.m. to 8 p.m. - to
make up and travel to it's limit. The station is located in
proposed some of the "highways" during the day - just 15 minutes
or so at a time - about 1000 to 1000. "Spare time" is to be
as soon as possible to first field stations - sometimes in
the afternoon KGB expects (or finds) will be far longer.
However, the time is not definite and never the day as the May
is "subject to change without notice."

On May 11 I never, never left - was 1:30
and was the day I never, never left - was 1:30

This is better - leaves time a lot sooner if it? The offer only
we need when training it out of see if we wanted to order was - so I gave
time if off. This better is used in radio bases, etc. (close to the
microphone) as faster to no change of noise from it in singing. Better
pick up - doesn't it?

On May 11 set up sandwiches and then wait this and some other
efforts as an excuse to go this place.

Hope soon, is leaving office Doree
